

Change of Contractual Partner in Case of Death

For the sake of compliance with our security guidelines, please complete this form truthfully and in its entirety. By transferring a hosting subscription to a third party, all login details as well as the existing website and email data are immediately handed over to the new contractual partner.

Details about the domain / hosting

Domain name:

- Transfer of the **hosting contract** to a third party or company
- Transfer of **domains registered** by Webland AG to third parties or companies
- Transfer of the **hosting contract and domains** to a third party or company

The current contractual partner is deceased. Webland AG requires a copy of the official certificate of inheritance, the death certificate and a copy of the identity card of the heir(s).

Important information

Please send this form and the required documents signed by post or scanned by e-mail to Webland AG.

- The login details will be changed when the contractual partner is changed.
NOTE: the new login details will be sent to the new contractual partner's email address once the application has been processed.
- The new contractual partner has read and accepted Webland AG's General Terms and Conditions and agrees to take over the existing hosting contract.
- I have read, understood and accept the Webland AG privacy policy.

The period of service for the hosting contract remains the same when transferring to a new contractual partner.
